Respected sir

Sub: Complaint regarding the poor conditions of the street light.

I, Ms. K. Sruthi, am a resident of Oracle Enclave in Brindavan Colony in Himayatnagar,

I would like to bring to your kind attention that residents in our locality are facing a lot of problems due to poor street light condition in our area. We are unable to go out in the evenings. Many accidents are taking place as there are no street lights. Also, we do not feel safe while taking an evening walk, nor can we cross roads safely. We are finding it difficult to go anywhere leaving our homes locked. Children, old people, and women are facing a lot of inconvenience to walk or go to the nearest shop to buy groceries or stationery items.

Hence, I humbly request you on behalf of the colony and the residents to kindly take necessary steps as soon as possible and get the street lamps repaired or replaced.

Thank you

Yours faithfully

(K. SRUTHI)
